Write messages on
each leaf section.

Friends and family write their
thankful message on their own
leaf and set aside to attach to
the wreath,

Fold the edges of
the leaf together.

Using the dotted lines as a
guide, fold both sides of the
leaf together and secure with
tape or glue.

Attach the first section of leaves.

Align the bottom curve of the middle leaf to the curve of the base leaf, then use glue or tape on the back of the middle leaf to attach.

Continue with the rest of the middle and base leaves.

Connect the first
section of leaves.

Flip the now connected pairs of
leaves face down, align the
sides of two pairs and then
tape together.

Continue until all pairs of
leaves are attached.

Attach the smaller leaves.

Align the bottom curve of the top leaf to the first section of the wreath and attach using glue or tape.

Do the same with the following leaves, making sure to place the new leaf under the previous one.
