BLOG

YOU WILL NEED:

- Printed template (preferably on white cardstock)
- Pencil
- Cutting mat
- Craft knife
- Scissors
- Soft felt: black, white, red, blue
- Hot glue gun & sticks
- Masking tape
- Candy of your choice

OPTIONAL:

- Needle & black thread
- Velcro

Cut out the template.

Use a sharp craft knife to carefully cut out the templates, then use the templates as a guide to cut out 4 circles for each character as follows:

Jack:

2 - Circle 'A', white felt

2 - Circle 'B', black felt

Sally:

2 - Circle 'A', 1 blue & 1 red felt

2 - Circle 'B', 1 blue & 1 red felt

Prepare the felt to trace.

Using masking tape with a light adhesive, lay strips of tape down across surface of circle 'A' (a white circle for Jack and the blue for Sally). Do this to the other side of the circle for Jack as well.

Taping the circles will help when tracing the details and make it easier to cut the felt.

TIP: Use a spare piece of felt to lay the pieces of tape across first before placing on the circle. This will prevent the tape from pulling too much felt off when removing from the circles.

Trace the details.

Use a pencil to trace the face details onto the circle.

Applying the details.

For Jack:

Use a craft knife to cut out his eyes, nose, and mouth (Do not cut out his mouth stitches).

For Sally:

Trace her face with a pencil directly onto the circle. Use this as a guide for placing her felt details. Use the Face Details section of her template to cut out additional pieces for Sally.

OPTIONAL

Use a needle and black thread to sew the details of Jack's and Sally's mouth.

For Sally's eyelashes and Jack's mouth, sew throw and back up, double knot and cut. For Sally, leave 1/2" of excess thread.

- OR -

Skip that step and simply use a black marker to draw their mouth and Sally's eyelashes and pupils.

Glue the felt.

Flip circle 'A' with Jack's face down and glue one of the 'B' circles centered onto that circle.

Glue the second 'B' circle centered onto the second 'A' circle. Do the same for Sally.

To glue both sides together, lay a line of hot glue along the visible edge of circle 'A' - be sure to leave 4 inches open at the top of the pouch to insert candy.

OPTIONAL: Cut a 1" piece of velcro and glue to the inside of the pouch to close.
