

Happy Mother's Tray Balloon Card

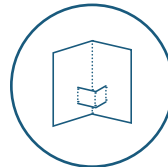

You will need:

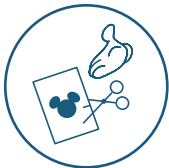

Let's get started!

1 Print out a copy of the Happy Mother's Tray Balloon Card template.

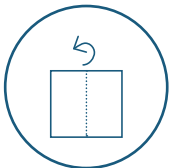

5 Open up the card and pull the pop-out box out. Amazing! You made a balloon card.

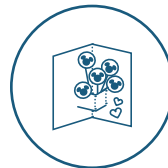

2 Use your scissors to cut out the Mickey balloons, hearts, inside card and outside card. Remember, only solid lines are for cutting. **All cutting should be done by an adult.**

6 Now glue or tape the inside card and outside card together.

3 Take the outside card and fold it in half. There's a dotted line to help keep the line straight. Put your outside card aside for now.

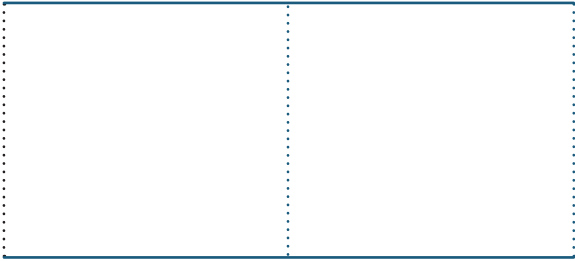

7 It's decorating time! Place the hearts and Mickey balloons anywhere you'd like. Your mom is going to love it! Don't forget to share your pop-up card with #DisneyMagicMoments.

4 Take inside card and fold it in half. Now cut along the two solid lines. Great! Now fold that tab over.
