

ICELAND

GATHER THE FAMILY TOGETHER FOR A FUN GAME OF
ADVENTURES BY DISNEY – 15 GUESSES.

INSTRUCTIONS

WHAT YOU'LL NEED

- Print all the cards and cut them. You can use card-stock and laminate them if you want to get fancy
- Place the cards in a pile, facing down
- The first player collects the top card and, without looking at it, holds it against their forehead. The word should be facing out so the other players can see it
- The player holding the card tries to guess the item on the card by asking close-ended questions to the rest of players
- If the player figures out the item on the card by asking less than 15 questions, they get a point
- Players take turns guessing cards and the person with the most points at the end wins the game
