Galactic Bounty Hunt

HOW TO PLAY:

- 1 Decorate the notecards with stickers of your favorite *Star Wars* characters!
- 2 One member of the family hides your toy or item as "the asset" that you're going to find
- 3 That same family member will make up clues and write them down on the notecards, each clue leading to the next one, and plant them around the house (you can use your *Star Wars* stickers to attach the clues to things!)
- 4 The rest of the team will follow the clues around the house until they find the "asset" that they're after!
- 5 Then the team has to bring the "asset" back as fast as they can to the place that they started! It's always nice to have a reward waiting for them, like a snack or prize!
