## CASTLE OF MAGICAL DREAMS

Sheet Numbers: 1, 2, 3, 4, 5, 6, 7

### HISTORY

Hong Kong Disneyland Park opened its gates on September 12, 2005.

Now in its 15th year, the park celebrates the opening of its newly imagined Castle of Magical Dreams.

The castle's design is inspired by the stories from some of the most iconic Disney Princesses. The re-imagined castle will pay tribute to each of these Disney heroines for pursuing their dreams. The architectural elements embrace the characteristics of each heroine through the interpretation of colors, icons, patterns and cultural features, with uniquely designed towers, turrets and spires dedicated to their respective stories. Guests will be able to recognize the individual elements inspired by their favorite Disney heroines, celebrating a sense of diversity, inclusion and unity.

### MATERIALS

### GUIDE

.....	Valley fold, fold in front
-----	Mountain fold, fold behind
————	Cut
.....	X-ray or guide line.

Please Note: When cutting with scissors and working with any of the materials listed above, adult participation and supervision is recommended.

### INSTRUCTIONS

1. Color the sheets as you like.
2. Cut out all the facades along the solid exterior line.
3. For Sheets 2 - 4: Going front to back, fold and glue each facade to the plan sheet. Align the tabs on the facade with the corresponding labels on the plan. We recommend holding the tabs down from the back to secure glue holds well.
4. For the foliage on Sheet 3: Cut along the solid line, fold according to the guide, and glue the tops together. You can place these anywhere around the Castle.
5. For the hillside, Sheets 5 - 7: Cut along the solid lines and fold where indicated. Apply glue where the corner overlaps. Place behind the castle, from shortest to tallest.
