GINGERBREAD MICKEY ORNAMENT

MATERIALS NEEDED

Gingerbread Mickey Template

1 - 9x12 sheet of brown felt

1 - 9x12 sheet of black felt

1 - yard of white yarn ribbon

Puffy paint (white, green, and red)

Polyfill

Big eye needle

Scissors

Marker

Glue gun

INSTRUCTIONS

STEP 1:

Using your marker, trace two Gingerbread Mickeys using your exterior stencil on the brown felt. Carefully cut out each Gingerbread Mickey.

STEP 2:

Place the Gingerbread Mickey interior stencil on one of your Gingerbread men and trace around the outline with white puffy paint. Add paint squiggles on the arms and legs of the Gingerbread Mickey, let dry.

STEP 3:

Once your Gingerbread Mickey is dry, place it on top of your second Gingerbread Mickey. Using your needle and white yarn, carefully sew your two Gingerbread Mickeys together with a whipstitch. Before completely stitching up the Gingerbread Mickey, stuff with polyfill.

STEP 4:

Using your Mickey face stencil, carefully trace Mickey's face onto your black felt and cut the face out. Hot glue the eyes, nose, and mouth onto your Gingerbread Mickey.

STEP 5:

Now it's time to decorate! Using your puffy paint and ribbon, add buttons, rosy cheeks, and a bow tie (or a hair bow if you want a Gingerbread Minnie).

STEP 6:

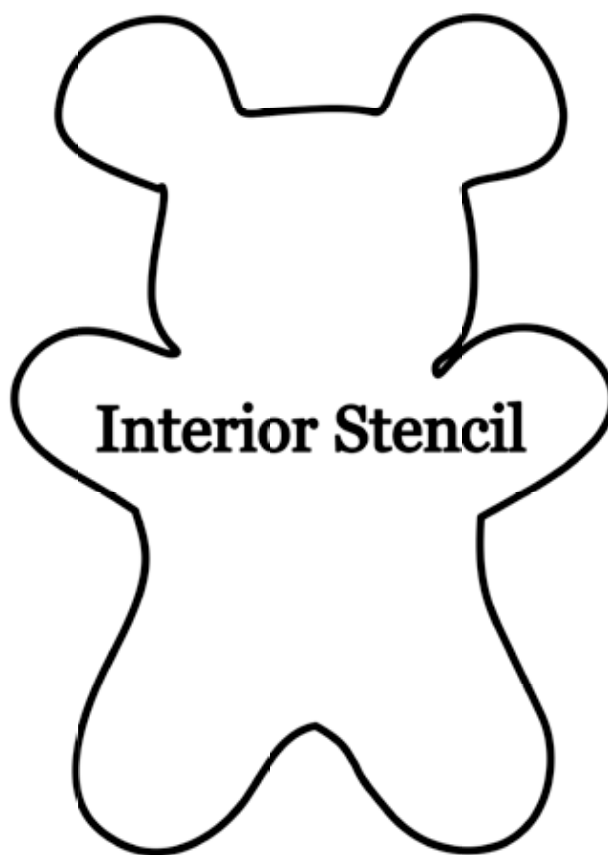

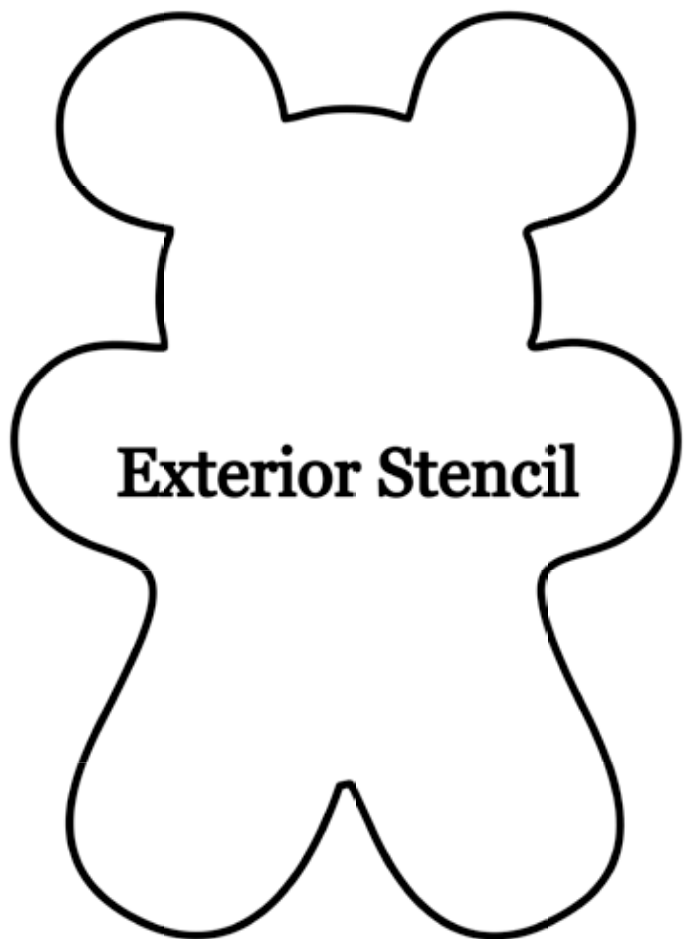

Hot glue a looped ribbon on the back of your Gingerbread Mickey so that it can hang on your Christmas Tree!
