HISTORY

“Happy Spring Festival!” Also referred to as Lunar New Year, the festival starts with the first new moon of the lunisolar calendar. Spring Festival is a special holiday, with this year being the year of the Ox.

For Disney’s Lunar New Year celebration, Chinese couture designer Guo Pei brought her signature style to the design of Mickey and Minnie’s outfits. Guo Pei drew inspiration from her own devotion to the art of Chinese embroidery and other traditional Chinese styles. The bright red and gold colors are also traditional, signifying good fortune, happiness, and wealth. The outfits were facilitated by the Asian Couture Federation and will be worn by Mickey and Minnie at Shanghai Disneyland Park from Lunar New Year through the Lantern Festival.

Sheet Numbers: 1, 2, 3, 4, 5, 6, 7

INSTRUCTIONS

1. Sheets 1 and 4: Color and cut out the pieces. Start by folding the main body and gluing each tab as indicated. Assemble the head as shown in the image.
2. You may attach the arms if you prefer to keep a base model, or keep them off to allow wardrobe changes. Apply glue only to the very center of the feet and attach to base.
3. Sheets 2 and 3: Choose either the black and white version or colored version. Cut out all the pieces. Start with the trousers, then add the jacket on top. Use tape or a dot of glue to overlap and close the top. Fold and glue the arms to the back and sides of the jacket. Fold the top of the shirt collar down, leaving the front upright.
4. Sheets 5 and 6: Choose either the black and white version or colored version. Cut out all the pieces. Start with the under layer and shoes. Fold the under skirt only at the waist and glue tabs to the body. Fit to the base model. Attach with glue or tape. Fold the over skirt only at the waist, wrap the model, then glue or tape to secure. Fold and glue vest. Attach arms to the vest. Fold bow and apply a dot of glue to attach to Minnie’s head. Finish with cape piece over the arms.
5. Sheet 7: Color as you would like. Cut out the piece, fold and glue where indicated. Cut out the Mickey lanterns and make sure you cut the slits to place on top of the background. Now you have a Shanghai Disneyland background for Mickey and Minnie!

Please Note: When cutting with scissors and working with any of the materials listed above, adult participation and supervision is recommended.
