HISTORY

June 16, 2021 marks the 5th anniversary of the Shanghai Disney Resort. At the heart of the resort is the Enchanted Storybook Castle. Rather than dedicating Enchanted Storybook Castle to a single princess, this is a palace that celebrates all of the Disney princesses by giving a home to each of their stories and inspiring aspiring royals to inhabit their favorite tales. Within its walls, Enchanted Storybook Castle is resplendent with artful representations, thoughtful details and opportunities to explore. At the center of the Castle a beautiful, winding staircase leads guests to the “Once Upon A Time” Adventure walk-through attraction where guests experience the story of Snow White. Additionally, the Voyage to the Crystal Grotto boat ride ventures into the castle’s secret underground chambers.

Join us in celebrating this momentous anniversary by making your own Enchanted Storybook Castle!
