*Optional:* Colored card stock for cover

DIRECTIONS:

- ① Print book cover & filler sheets (Pages 2-3) and cut out the pieces. Print the book covers on colored card stock for a touch of color and texture.
- ② Arrange the pieces into separate piles with one cover and two filler pages each.
- ③ Fold each of the 3 pieces in half so there is a crease on each piece.
- ④ To assemble, layer the 3 pieces - aligning each crease into each other with the cover art on the outside.
- ⑤ Use a stapler to put 1-2 staples lengthwise on the crease.
- ⑥ Use the filler pages to write names or color pictures. Enjoy!
