## HISTORY

The holiday season is upon us again, and Disney Paper Parks is celebrating the trees of our Disney Parks and Resorts.

When Disneyland® Park opened in 1955, the first holiday season was welcomed with a Christmas tree in the Hub - not Town Square, as we have it today. The decorations were sparse, with only a few wreaths and garlands around the castle.

Today, the holiday season in the parks has grown to be one of the most magical events of the year, with many coming to experience the lights, music, and elaborate decorations that are unparalleled.

These trees can be hung as ornaments or used as table decor in your home so you can celebrate the holidays with Disney Paper Parks!
