Tips from the Panel

Here's what the panelists are looking forward to experiencing at the newly reimagined Disneyland Hotel:

I have always loved how Disneyland Paris is brimming with European architecture, from its **elegant stained glass storytelling to the timeless oil portraits of Disney characters**. I can't wait to dive into these intricacies at the newly reimagined Disneyland Hotel in Paris!

The five themed Signature Suites at the Disneyland Hotel in Paris look like **a dream come true**. The Frozen Suite with its sparkling blue color scheme is complete with an "icy" chandelier and a balcony overlooking Disneyland Park.

As a mom of three, I love all that the Disneyland Paris Hotel has to offer for children. From the Royal Kids Club to My Royal Dream makeover and even spa treatments, **kids can immerse themselves in the magic and wonder of Disney storytelling** at Disneyland Hotel.

The dining experiences at Disneyland Hotel are **designed to send Guests on a culinary adventure of French cuisine** (and beyond!) I'm hoping to enjoy an afternoon tea experience at Fleur de Lys Bar - complete with champagne, of course!

My daughters are excited for La Troupe Royale Disney, a joyful duo of bilingual comedians who will add to the experience with their **spur-of-the-moment singalongs and interactive fairy tales**. It's the best kind of "Bienvenue"!
