Please use this guide for reference about each attraction. For a list of attractions operating during your visit, please visit www.disneyworld.com/.

Category	Definition
Scent/smell	Artificially introduced odor. May also include operational fumes
Lighting Effects	This would include specialty lighting and other visual effects in all or portions of the attraction
Loud Noises	Includes startling or surprise noises
Periods of Darkness	Includes attractions with low light or portions with total darkness.
Bumpy	May include sudden movement related to the story of the attraction. Can include simulated movement or small dips.
Fast	Swift forward motion. May include constant speed or sudden bursts of speed
Lifts Off Ground	Ride vehicle is raised in the air or track is at a higher elevation with limited visibility to track.
Wet	Water based attraction with a strong possibility of guest coming in contact with water
Element of Surprise	Additional components of the experience that are not clearly identified. May include elements in queue area or on the attraction.
Trip Time	Includes load/unload and time in attraction/show. Does not include wait time.
